**Please give details of any specific aspects of these subjects that you want to know more about**

**Are there any other topics would like to learn more about?**

We would like to run more small-group workshops/seminars. These will be limited to 10 participants to allow detailed training with plenty of time for discussion. Course notes would be provided for future reference and where possible there will be a practical component. Refreshments would be included along with a meal if required.

**How much would you be prepared to pay for such a course?**

**What time would be most convenient for you?**
